tutes.

New York, April 26.—Dr. Friedrich Franz Friedmann to-day sold the American rights for the sale of his turtle serum for \$1,925,000 to the Eisner-Mendelsohn Company, of this city. He received \$125,000 in cash and the balance in stocks in the thirty-six Friedmann institutes which will be established in as many States, with a total capitalization of \$5,400,000.

The first States to receive the Friedmann institutes will be New York, Colorado, Arizona, New Mexico and California, where there are thousands of tuberculosis patients taking the out-of-door cure at present.

It was learned to-night that a simple plan calling for the organization of a corporation capitalized at \$150,000 to handle the vaccine, and one of the features of which was free distribution and treatment among the poor, was abandoned early in the week upon the firm objection of Dr. Friedmann He then displaced his attorney, Carl Schurz, and drew up the outline for the contract, which was signed to-day, Under the terms of the agreement, no free treatments will be given.

While Dr. Friedmann refused to give an interview to-night, he sent word to the reporters that on Monday evening he would publish an announcement covering the sale of his cure.

course, not much probability of the Slavs being defeated by a combination of a strong Germany and a weakened quarreling Austria, backed by the third power of the triple alliance, a half-hearted Italy, whose interests on several points conflict with those of Austria, and who would probably hall Austria, and who would probably hall the downfall of the dual monarchy with joy. But the possibility of a German victory, of course, exists, though it is rather slim, far too slim, indeed, to make England's foreign minister overlook that this country's real interests lie with Russia and France.

Asks \$700 Damages for Failure to Receive Reward Offered for Paylor.

for Paylor.

[Special to The Times-Dispatch.]

Danville, Va., April 26.—Suit was instituted here this afternoon in the office of the Corporation Court by W. F. Taylor, a telegraph operator, against the Illinois Surety Company, claiming \$700 damages, which he alleges he has sustained by the failure of that company to pay him the \$600 reward offered for the apprehension of William S. Paylor, Danville's former city treasurer, in Buenos Aires.

Taylor claims that he gave the first authoritative information to the State Department of Paylor's whereabouts, and declares that Judge Peatross falled to see certain documentary evidence before recommending John R. Cook, clerk of the Corporation Court, to Governor Mann as being the proper person to receive the money.

The action did not come as a surprise here, for it was known that Taylor would, in the event of Governor Mann ruling against him, take the matter to the courts for settlement.

Cook claims to have given the information of Paylor's whereabouts to the Illinois Surety Company last August.

Affection for the two clderly sisters of her husband and the feeling that she owed a duty to the State of Oregon, on account of the honor bestowed upon her husband, were given by Mrs. Bourne as the reason for not having brought suit for divorce while Bourne was a member of the United States

Ramona back."

Her Appearance Striking.

The girl is not pretty. She is of striking apeparance, however—a girl to attract attention wherever she goes. Although she is only seventeen years old, she appears nearer nineteen. She is five feet two inches tall, weighing in the neighborhood of 110 pounds. She affects mannish clothes, and when she met her father in the Touraine she wore a dark tailored suit with a closefitting straw hat and men's gloves. Mrs. White, on the contrary, is an attractive looking woman, about thirty-five years old, above the average height and weighing about 160 pounds. She has light hair, dresses in striking style and rarely appears without wearing numerous jewels.

She and her husband have not lived together for six years, but are not divorced. His home is in the Bleskets.

She and her husband have not lived together for six years, but are not divorced. His home is in the Blackstone Hotel, in Chicago, while Mrs. White lives on Riverside Drive, New York.

Mr. and Mrs. Borden are separated, and Mrs. Borden lives in Los Angeles. It is believed that Mrs. White met Miss Borden while the girl was visiting her mother in the Western city.

Since that time they have been together a great deal, and when they have been forcibly separated Mrs. White has made every effort to see the girl.

Two-Year-Old Child Crushed to Death by Heavy Motorcyle.

[Special to The Times-Dispatch.]
Danville, Va., April 23.—Little Marvin Stephens, the two-year-old-old son of Mr. and Mrs. Marvin Stephens, was killed in a strange accident here this afternoon.

Mr. Stephens is a rural delivery man and keeps a motorcycle in the basement of his home, just beyond the city limits. This afternoon the child wandered into the basement and tried to climb on to the machine. In so doing he overturned it and it fell upon him, striking him over the heart and pinning him against the edge of a box. His mother, missing him, discovered him dead, with the machine upon him, and collapsed. A physiolan declared that death must have been instantaneous, the bicycle bursting the heart of the child.

GOVERNOR SEES FRIENDS

Decided Improvement in His Condition Gratifies Physicians.

Governor Mann was permitted to see his first visitors yesterday in the Memorial Hospital when his private secretary, Ben P. Owen, and several intimate friends were admitted to his room for a few minutes. If ever-increasing hunger and a quickening interest in events outside the hospital are any indication of a recovery of health, Governor Mann is all but a well man at this time. As a matter of fact, his condition yesterday was all Drs. Charles R. Robins and Herbert Mann could ask on the sixh day following an operation for appendicties. This does not mean that he is ready and anxious to place his feet on the floor and stroll over to the Mansion to take up his duties, but it does indicate a great relief in the tension under which both his family and physicians have necessarily been laboring since the operation.

Stomach Trouble

Upon using Duffy's Pure Malt Whiskey his relief was almost immediate-"It gave back my life and health."

"For eight years I suffered with catarrh of the stomach, which finally became very dangerous. The worst trouble was in the intestines. I lost all my appetite and sleep; I became weaker day after day, and I took all kinds of medicine without the least bit of relief. I thought sure death would claim me. At last a powerful remedy came to my aid. I bought three bottles of Duffy's Pure Malt Whiskey, and from the third dose I began to find relief. Then my appetite grew better, and I was able to work without

being fatigued. I take great pleasure in recommending Duffy's, and I gratefully certify that it has given back my life and health to me."—Gustave Petaillot, Fen-
